

Beekeeper Speaker & Educator

Available for Events and Classes

Derek Condit Treatment-Free Beekeeper | Author
Founder of The Natural Beekeeper's Path Nonprofit
Inventor of the Shungite Beehives

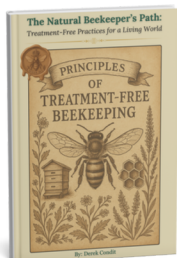

As the founder of The Natural Beekeeper's Path nonprofit, Derek brings years of experience in sustainable beekeeping and environmental advocacy. He is also the inventor of the Shungite Beehives, which integrate natural EMF-protective materials into hive construction to support overall colony vitality. His approach blends traditional wisdom with innovative, natural methods that avoid chemicals, pesticides, and antibiotics.

Available Offerings:

- Beekeeping 101: A beginner's guide to getting started
- Natural Beekeeping: Treatment-Free Approaches for Hive Health
- Beekeeping & EMFs: How Shungite, Mushrooms, and Minerals Can Help
- From Rescue to Recovery: Responding to Bee Emergencies
- Mason & Carpenter Bees
- Custom Talks for Schools, Events, or Private Groups

Derek also shares powerful stories from his hands-on rescue of 14 million honeybees in the 2025 Lynden, WA transport spill, which helped inspire the National Beekeeper Emergency Response Network & National Response Plan.

Whether you're hosting a workshop, a classroom visit, a community fair, or a private event, Derek can tailor his presentation to fit your audience.
